**TUITION:**
- NDTA Members: $4,550
- Non Members $4,775

**COURSE CONTACTS**
Katherine Pinkerton | 800-869-9295 | info@ndta.org
LEARNING OUTCOMES

1. Observe, analyze and synthesize effective and ineffective posture and movement and its impact on a client’s functional abilities / limitations
2. Demonstrate integration of course content information within practicum assignment:
   - Postural control
   - Typical/Atypical development/movement analysis in function
   - Evaluation and Treatment planning
   - Treatment
   - Analysis and facilitation of movement
   - Parent/caregiver training/home management
   - Team work
   - PT, OT, ST content
   - Neurophysiology
3. Identify components of typical movement and how it relates to the development of: sensory processing, upper extremity, and visual motor function
4. Problem solve multi-system, and single system impairments as it relates to sensory-motor processing, upper extremity function and visual motor function and chose effective NDT strategies to address identified functional limitations.

SPECIAL NEEDS REQUEST STATEMENT
Please contact the Coordinating Instructor if you are requiring classroom accommodations or modifications because of a documented disability. Full course attendance is required for successful completion of the course.

CANCELLATION POLICY
In the event the course cancels due to inadequate numbers, participants will be notified no later than one month prior to the start of the course and deposits will be refunded. If a participant cancels prior to the start of the course the deposit will not be refunded unless a qualified replacement is available.
